Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative orally proposed two changes to claim 1. 1) Removal of "or by being directly threaded" in lines 8-9 of claim 1. 2) Addition of the word "open" in line 8 of claim 1 so it reads "the open thin metallic frame". It appears that amending claim 1 in either of these two ways would enable claim 1 to read over the cited art of record, namely Yano. Applicant's representative will present these two options to the applicant and submit an RCE for further consideration, because a new search is required. .
